

BlendUR – Licensing options

Evaluation license – Free

Trial version, 14 days period

Base license (Perpetual, non-updating) – 3.000 EUR

- Edit robot paths in Blender
- Export robot paths to a Python script
- Realtime robot control
- Preview of robot collision
- Use on an unlimited amount of robots, not for resale

Source license (Perpetual, non-updating) – 8.000 EUR

Same as the Base license, but includes the source code and allows custom changes and additions to the Blender add-on.

Education license (Perpetual, non-updating) – 1.200 EUR

Same as the Base license at a reduced cost for educational purposes only.

Support and customizations

Available with the studio daily rate and / or a fixed budget according to prior agreement. All prices plus VAT if applicable.
